“ My condolences go out to the family of Tim. As many, I worked with Tim at D&S and fast became friends and had many a great time with until I moved to Colorado where later he came out and stayed with me for a short while. What a great person. I still tell many a story in which he is included. He will be missed.

“ Like everyone else, I am still in shock. Tim had one of the kindest souls of anyone I have ever met over the years! He was a great person in high school, one of the nice guys. I remember shopping in D&S with my daughters where he always had time for a quick chat with us. Donuts and smiles from Tim was what my girls always looked forward to when we went there. We reconnected later on in life when we both found ourselves single. He was a wonderful friend who, it seemed, never had an unkind word to say about anyone. He was proud of his kids and grands, which was a frequent topic of conversation with us. His infectious smile and gregarious personality will be sorely missed by all who had the privilege of knowing him.

“ Tim and I worked together since 1994 at U1 Dresden. We have been together pretty much ever since then. He did a short stint at UniTech in Morris. I had a need for a FLS at Dresden and hired Tim into our Dresden team. We have worked together at Dresden U2/3 for the past 13 years. Tim has had a great influence on me because of his positive outlook on life. This transferred to his work life. I appreciated Tim's positive personality, as well as most people that know him at work and in life. He had such a great positive energy that was infective. Thank you Tim for all that you did for us a Dresden we will miss you greatly. Much Love Mike O.
